Varalakshmi Civil Works

EST-1995

COMPANY PROFILE

ABOUT US

Established in 1995 VARALAKSHMI CIVIL WORKS provider of heavy earthmoving plant and skilled operators. VARALAKSHMI CIVIL WORKS specialize in supplying to earthworks, major civil infra-structure and mining projects throughout india with a well-maintained fleet, and a highly skilled and experienced team, we have earned an impressive reputation for our ability to mobilize machinery throughout the state (including remote locations).

MISSION

VARALAKSHMI CIVIL WORKS strives to be the most outstanding earth moving and civil construction business within our industry by producing the highest quality work and guaranteeing full customer satisfaction.

VISION

Our vision is to be a construction partner of choice and to deliver projects across the spectrum of infrastructure and environment, benefiting our clients, stakeholders and communities.

When it comes to excavation services, **VCW** is known as the area's best. We provide outstanding service and the results you expect on every job. No Matter what the size of your project is, we can get it done to your specifications.

Our extensive excavation experience coupled with our state of the art equipment will ensure that your project goes smoothly and safely. Whether it's residential or commercial project, you can count on CES excavation to get it done right the first time, every time.

Our commitment to our customers is to provide peerless service excellence and professionalism, while delivering the highest quality, most cost-efficient results, on schedule.

VCW is focused on excavation and site work, primarily in the Metro-West, high-end residential and commercial markets.

At **VCW** we take great pride in our work and our client's finished project. We hire the best, so you get the best results, and our project managers and equipment operators are all highly experienced, dedicated professionals.

When it comes to site work – the literal building block to your dream home or commercial project – having the right equipment at the right time is supremely important to both the proper execution of the job and on-schedule, on-budget professionalism. We also maintain strategic working relationship to complete even the most infrequent task at a moment's notice, on schedule and on budget.

Through the years, a VCW earth mover has been recognized as a leading contractor by both the public and private sectors. One of the keys to this success is the ability to provide our customers a complete site development package including mass grading, underground utilities, and paving. By staying ahead of technology and continually educating our employees. We provide the safest and most cost effective site solution to any project.

Typical private-sector projects include residential developments, hospitals, restaurants, office complexes, shopping centers and the industrial buildings. In the public sector, we construct highways, waste-water treatment facilities, and storm water diversion infrastructures. At times Berger enters into co-bid partnership with other contractors as needed depending on the project scope.
